*The separation of field versus online reporting is to give more reliability to the numbers presented as well as to more accurately capture the impact of ISI.

**Scientific Survey: Based on the findings of a scientific survey conducted by a reputable third party, and with board of trustees approval, we estimate the number of student decisions for Christ through our thousands of volunteers which are not reported to us directly. Covid-19 Adjustment: Due to Covid-19 restrictions in 2020-2021, this figure is adjusted to account for reduced ministry activities by volunteers.

***This number does not include data from volunteers.

****This number is derived from 19/20 Open Doors data.
